

Make it Fun: Fold up an origami swan

Mealtime doesn't have to be the same old experience night after night. Bring on some fun! Between apps and the entrée, why not get your origami on? Follow the instructions below to create an origami swan from a standard piece of paper. Use colored or patterned paper for more variety. You could even consider drawing feathers and a face for colorful embellishment. Kids and adults will love to compare who folded with the most perfection...or creativity!
